# MQS® 2010 Class Schedule

## CLASS CHART

We have a wonderful lineup of classes and special events for you. New teachers are marked with an asterisk for easy identification. Each class has an identifying number, skill level, and description. The chart below gives you an overview of classes taught by each teacher. The numbers correspond to the day of the week. The one hundred classes are taught on Monday, two hundred on Tuesday and so on. We are offering 4 hour hands-on classes, 2-4 hour demonstration classes, domestic sewing classes, pattern design and whole cloth design classes as well as maintenance classes for your longarm and featherweight. New this year are combo classes, part demo and part hands-on. Please read the Class Registration Instructions carefully before registering for classes. Also read the class descriptions carefully before choosing a class. Hands-on classes taught using a longarm have two students per machine head unless stated otherwise in the class description.

## TEACHER'S ANGEL VOLUNTEERS

MQS® has an exciting way for you to volunteer this year. Our teachers need your help to greet the students, take roll, hand out and collect evaluation forms and class handouts and help when needs arise. These treasured helpers are our Teacher's Angels. As a thank you, our Teacher's Angels audit the class in which they are working and their names are entered for the volunteer door prize drawings. The procedure for being a teacher's angel is to first register and pay for your classes and when those are confirmed contact Jackie Lathem, volunteer coordinator, to volunteer for another class as teacher's angel. Special recognition will be given to Teacher's Angels who go above and beyond the requested tasks. The teachers will make recommendations to the volunteer coordinator by the end of the show. Those being recognized will be notified by mail and their names will be announced in On Track! Magazine. Please consider volunteering as a Teacher's Angel. It's a great way to get to know our teachers and to observe their class at the same time.
